Prehistoric Scenes™

Return with us now to those thrilling days of yesteryear...Aurora captures it all today! We've gone all the way back to Prehistoric Times for the most exciting, new snap togethers of any year ... PREHISTORIC SCENES! 17 Big, modular kits to stand alone or together. All bases interlock so YOU create the scenes, as they were or as you imagine them. Each kit comes complete with "time scale" and history of each subject. Picture a Cave Bear battling a Giant Bird, or a Jungle Swamp surrounded by dinosaurs. Suddenly, from behind the foliage...a Sabre Tooth Tiger. Animals of different time periods are sometimes shown together for more excitement and play value. No cement needed. Just snap 'em together for easy assembly, and make a scene. Prehistoric Scenes. All in 1/13 Scale.

The Jets Are Here

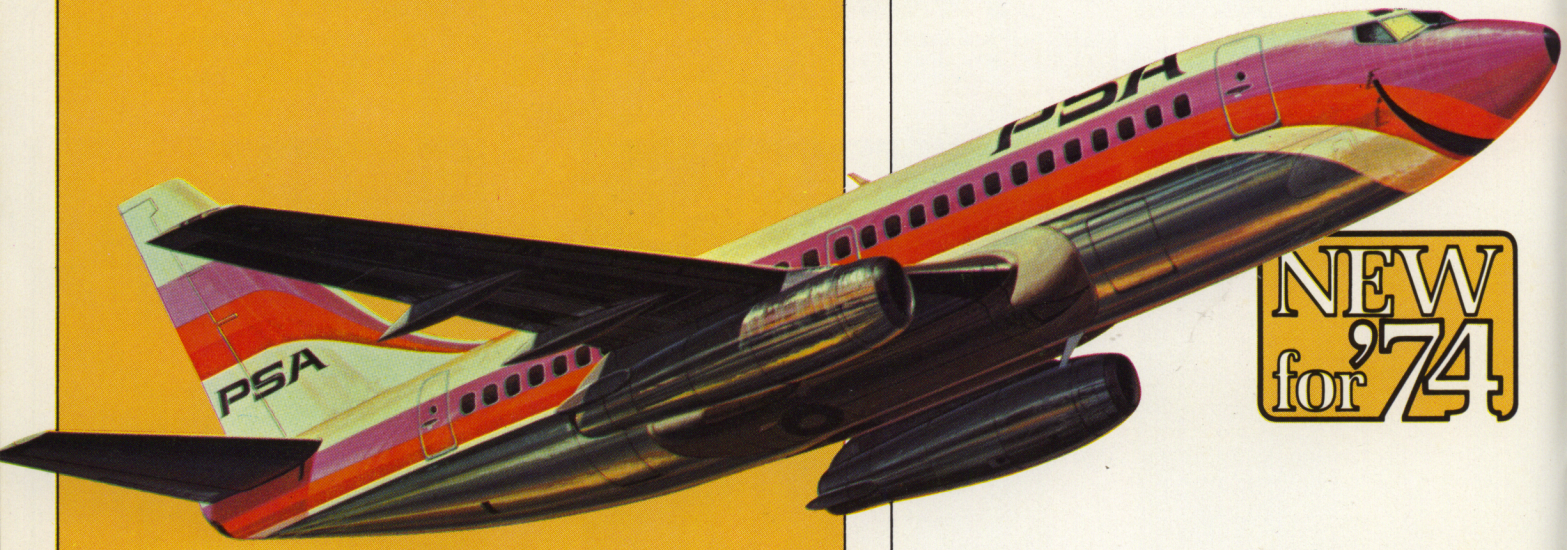

Sleek, new commercial airliners from Aurora... now ready to board and take off right in your own home! There's the Boeing 727 and 737, which can take off and land at smaller airports on shorter runways and still maintain roominess and comfort. The giant 747's of Braniff, Delta, Pan Am, and many, many more. All authentically designed to capture the exact look and details of today—the real thing! Tomorrow travel by jet will probably be easier than driving to work...The Commercial Jets...by Aurora.

Giant Fighter Bombers

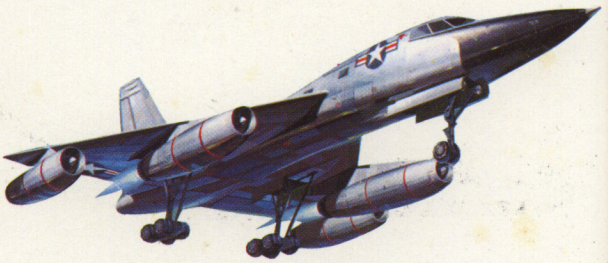

In the missile age, fighters still remain important. But years ago Giant Fighting Bombers were the main arsenals of destructive force used by the Allies and Axis alike. The roar of their engines as they approached the city probably caused panic and fear unparalleled in the history of man.
